*"Memories that Will Never Go Away"—
The 40th Anniversary of the
Crash of PSA Flight 182 in North Park
by Alexander Bevil*

A SPECIAL PRESENTATION
Sponsored by the North Park Historical Society

« An award-winning local free-lance historian, writer and preservationist, Mr. Bevil has played an active role in identifying and preserving several San Diego historic landmarks for the past 30 years. His National Register nomination reports have helped preserve the Georgia Street Bridge, Normal School Teacher Training Building, and the iconic University Heights/North Park Water Tower Complex. Mr. Bevil's presentation will be based on his recently published *Journal of San Diego History* article on the September 25, 1978 crash of PSA Flight 182, and the effect it had—and still has—on San Diego's collective memory. He will also discuss how the crash's aftermath contributed to major changes in modern commercial air travel safety rules and procedures, and he will invite attendees to share their memories of that horrific day.

His article is available online at <http://sandieghistory.org/journal/2018/july/memories-that-will-never-go-away-the-crash-of-flight-182-and-its-aftermath/>
